(TO BE COMPLETED BY A MEDICAL PROFESSIONAL)

The University of Valley Forge (UVF) is committed to all students including those with disabilities participating in all aspects of University life including dining. UVF strongly encourages students to eat meals together to develop friendships, share ideas and values, and to become a part of the UVF community. Resident students on the UVF campus are required to have a meal plan. On rare occasions a dietary disability may necessitate accommodations to the meal plan. In compliance with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act, (ADA), University of Valley Forge has established procedures to ensure that students with documented disabilities have access to reasonable on campus meal plan accommodations.

If you have any questions regarding the meal plan accommodations you may contact Disability Services at 610-917-3913.
