

BUSINESS ADMINISTRATION - ONLINE

BACHELOR OF SCIENCE
PROGRAM (120 CREDITS)

PURPOSE

The programs in Business Administration are designed to offer professional preparation in a Christian environment. They develop caring and capable business leaders for careers in the field of business or continuation into graduate business programs. Preparation includes knowledge of business practices, problem-solving abilities, ethical values, and applied service-learning experiences. The programs encourage broad examination of economic, social, practical, and political issues that impact the business environment.

PROGRAM STUDENT LEARNING OUTCOMES

1. Students will practice good oral and written communication skills to effectively express ideas to a variety of audiences and in different organizational settings.
2. Students will develop the knowledge and skills needed to locate and evaluate diverse forms of information in order to solve problems and make sound decisions.
3. Students will use effective interpersonal skills to successfully work with others in groups and cross-functional teams to accomplish organizational goals.
4. Students will integrate principles of Christian values, ethics, and world-view with the principles of business administration and financial management to exercise responsibilities for proper stewardship of all resources.
5. Students will understand general business practices and demonstrate competency of general business functions in a business setting.
