BUSINESS ADMINISTRATION - ONLINE

BACHELOR OF SCIENCE PROGRAM (120 CREDITS)

PURPOSE

The programs in Business Administration are designed to offer professional preparation in a Christian environment. They develop caring and capable business leaders for careers in the field of business or continuation into graduate business programs. Preparation includes knowledge of business practices, problem-solving abilities, ethical values, and applied service-learning experiences. The programs encourage broad examination of economic, social, practical, and political issues that impact the business environment.

PROGRAM STUDENT LEARNING OUTCOMES

- 1. Students will practice good oral and written communication skills to effectively express ideas to a variety of audiences and in different organizational settings.
- 2. Students will develop the knowledge and skills needed to locate and evaluate diverse forms of information in order to solve problems and make sound decisions.
- 3. Students will use effective interpersonal skills to successfully work with others in groups and cross-functional teams to accomplish organizational goals.
- 4. Students will integrate principles of Christian values, ethics, and world-view with the principles of business administration and financial management to exercise responsibilities for proper stewardship of all resources.
- 5. Students will understand general business practices and demonstrate competency of general business functions in a business setting.
